Links: [Portfolio](#), [LinkedIn Profile](#) & [GitHub Profile](#)

A dynamic, goal-oriented, and competent Digital marketer, Frontend developer and JavaScript engineer, with a vibrant and creative approach to problem-solving through teamwork and respect.

Professional Experience

[Viajio \(Tech company\)](#) **Nov 2020 - Feb 2021**

Lagos Nigeria - Junior Frontend Engineer (remote / contract)

- Building reusable components for scalability
- Building reusable custom hooks used across boards
- Rebuild the admin interface of a complaint management system (CMS).
- Implement new features and working on numerous pages for various internal company projects.
- Solving the Search UX problem related to Airbnb type of search

I believe programming can only be mastered by doing, so i am constantly learning for more experience and improvement.
